Level Two Curriculum:

Literacy and Numeracy

In Level two, all the students have been working really hard to reach their learning goals for the year. It was pleasing to note that so many students have achieved above and beyond what is expected of Grade One and Two students. Students have been assessed on the reading and spelling of high frequency words and have been assessed against number skill benchmarks for Grades One and Two with great success. The Level One and Two teachers are extremely proud of student achievements and the students should be commended for their progress!

While students have definitely worked hard and deserve a good break, it is still important that students continue to partake in regular reading and writing. Students can continue to practise numeracy skills throughout the holidays by being involved in maths situations such as counting and handling money. Students always love learning through technology, so encouraging them to use ICT in a safe and enjoyable learning environment is important as well. Don’t forget that the ‘Razz-Kids’ and ‘Mathletics’ programs can be accessed at home for educational use. Attempt to make these fun and enjoyable activities that you can do together.

Chelsea Heights Christmas Concert

The Grade One and Two students have been working extremely hard on getting their wording, rhythm and voice tones exactly right for the Christmas Carols night next week. Each of the year levels will be performing a carol on the night and are very excited to share their amazing performances with their family members. The night will commence at 5.00 pm and conclude at approximately 6.30 pm. All the staff and students look forward to seeing their family and friends there!

Help your family and friends to count money when you are out shopping!

Practise your Literacy and Numeracy skills at home on your computer or iPad!

December 2013

Dates to remember:

Tuesday 10th December— Whole School Transition Session 5
