Level Two Curriculum:

Literacy and Numeracy
In Level 2, all the students have been working really hard to reach their learning goals for the year. It was pleasing to note that so many students have achieved above and beyond what is expected of Grade 1 and 2 students. Students have been assessed on the reading and spelling of high frequency words and have been assessed against number skill benchmarks for Grades 1 and 2 with great success. The Level 2 team are extremely proud of student achievements and the students should be commended for their progress!

While students have definitely worked hard and deserve a good break, it is still important that students continue to partake in regular reading and writing. Students can continue to practise numeracy skills throughout the holidays by being involved in maths situations such as counting and handling money. Students always love learning through technology, so encouraging them to use ICT in a safe and enjoyable learning environment is important as well. Attempt to make these fun and joyful activities that you can do together.

Grade Two Breakfast
The Grade 2 students had a wonderful morning at the grade two breakfast. The Grade 2s enjoyed a range of delicious cereals and toast and displayed their best manners.

Chelsea Heights Community Christmas Carols
The Grade 1 and 2 students have been working extremely hard on getting their wording, rhythm and voice tones exactly right for the Christmas carols night next week. Each of the year levels will be performing two carols on the night and are very excited to share their amazing performances with their family members. The night will commence at 5pm and conclude at approximately 7pm. All the staff and students look forward to seeing their.
