Things to remember:

- 17th August - Grade 5’s attending Rooky’s workshop.
- 24th August - Art Show
- 27th August - Literacy and Numeracy Week
- 30th August - Book Week Incursion
- Grade 6 Rock Climbing
- 27th August - 24 Game Competition for CHPS in Literacy & Numeracy week
- 7th September - Kingston District 24 Game tournament
- Friday 10th August - CHPS Olympics

Girls lightning Premiership netball team

**What’s happening in level 4 curriculum:**

Continuing over the next four weeks Level 4 students are exploring fractions and decimals in Mathematics.

They will be looking at adding and subtracting them as well as writing them in the different forms.

In Literacy, Level 4 students are reading about energy include solar power wind power and fossil fuels.

They will be learning a lot of new language in this topic

## Level Four Curriculum:

### Homework in Level 4

One of our major focuses for Term 3 has been Level 4 homework. Homework guidelines have been under review at School Council and with this in mind we have established the following guidelines:

**Level 4 Homework Guidelines & Expectations 2012**

In accordance with the CHPS homework policy all students in level 4 are required to complete up to 3 hours and 45 minutes homework per week. Homework may be given on weeknights, weekends and holidays. To maintain a high standard of homework students are required to follow these guidelines:

- All homework is to be completed in a homework book unless the teacher has instructed otherwise. Loose sheets ARE NOT acceptable.
- All homework must be written in blue or black pen, grey lead pencil or typed and printed out and stuck into the homework book.
- All pages must be ruled using red pen and a ruler (unless they are typed and printed).
- Spelling of all words must be correct.
- Correct punctuation (capital letters, full stops, commas etc) must be used.
- Any pages that need to be stuck in to homework books must have edges trimmed and not be sticking out of the book.
- Parents must sign homework and diary EACH week.
- If you need help with your homework you need to ask your teacher BEFORE Thursday.
- Homework will be given out each Monday and will be due back on the following Friday.
- Teachers will correct homework before the next lot is handed out.
- Students who DO NOT return their homework will be required to complete it at lunch time on the Friday. Parents will be notified of this after 2 instances.

Homework includes tasks such as reading, tables practice, educational games and learning spelling words. Students are required to provide homework of a high standard and to ensure they are completing additional activities as well as the assigned homework sheet. As teachers one of our goals is to prepare them for high school. It is essential that students complete 3 hours and 45 minutes spread across the week (includes reading etc. on the weekends).

To better prepare their time management skills.
