

Thursday 23rd August

Dear Parent or Caregiver,

The Year 5/6 students will be taking part in the *Outside The Locker Room Schools Program* (OTLR) over the coming weeks. As a pilot program, this is being offered free of charge to our year 5/6 students.

Working in conjunction with Bonbeach Football Netball Club, The OTLR program will be promoting healthy lifestyles and will provide education to students on important social issues. The State OTLR Facilitator Manager, Brad Sykes, will run the following sessions:

WORKSHOP 1: MONDAY AUGUST 27 2018

Resilience and Active Lifestyles

Students will learn about resilience through interactive exercises and will get active during a fun, physical education session covering leadership and team work.

WORKSHOP 2: MONDAY SEPTEMBER 10 2018

Social Media & Cyber Bullying Education

During this session students will hear from people who have been affected by cyber bullying, and how social media decisions today can negatively impact lives in the future.

During these sessions there will be filming and photography taking place which may be used by OTLR for displays, publications and on the OTLR website.

Please visit www.outsidethelockerroom.com.au or contact your child's teacher for more information (please note; if you have not signed the yearly 'Permission to Publish Student Images' form, your child will not be photographed or filmed).

Regards

Year 5/6 Teachers
