- Mon 14th, Graduation Week starts
- Thur 17th, Reports to go home
- Thur 17th, Graduation Night
- Fri 18th, Last day of the year 1:30pm dismissal

Level 6 Welcome Back Breakfast

The welcome back breakfast was a huge success. Thank you to the parents that helped behind the scenes and on the day.

Literacy:

Daily Five: During our daily five sessions, mini lessons are taught that focus on Comprehension, Fluency, Expanding Vocab and Accuracy.

Strategy: Infer and Support with Evidence

Readers figure out what the author is saying even though it might not be written down. Using their background knowledge, clues from the text, illustrations, and captions, the reader makes meaning of the selection.

Mathematics:

During Mathematics in Term 4 the Senior Sub School have concluded their unit of work on Fractions, Decimals and Percentages. Students have learnt and practised skills such as adding, subtracting, multiplying and division of decimals. We have also commenced our unit on Measurement and Geometry, looking at 2 and 3 dimensional shapes. There will be plenty of opportunities for the students to further their understanding of these concepts using a wide variety of learning strategies.

Cyber Safety—eSmart

The Office of the Children’s eSafety Commissioner is pleased to announce the success of their cyberbullying complaints scheme that came into effect on the first of July this year. They have resolved around twenty percent of the complaints they have received via the ‘Complaints and reporting’ section on the office’s website: www.esafety.gov.au

The types of behaviour that can be classified as cyberbullying include:

- serious name calling and nasty comments (incite suicide, threatening and accusations)
- offensive or upsetting pictures and videos
- fake accounts and impersonations
- hacking of social media accounts

At Chelsea Heights our Level 6 students have begun their digital citizenship journey to help them prepare for Level 7 and the social media and online world they will be encountering in the future. They are learning to be safe and kind to others in a digital world.
Grade 5 Leadership:

Over the past few months the Level 5 cohort have been heavily involved in developing their personal leadership skills of public speaking, team skills, confidence, organisation and responsibility. Many students have taken this opportunity to step up and prove to themselves, staff and their peers they are worthy of being seen as a leader and role model at CHPS.

Last week all Level 5s were given the opportunity to make speeches to the senior school that outlined why they should be selected to be school leaders in 2016.

The 2016 Level 6 leaders of CHPS will be announced at a major assembly later in the year.

Term 4 of 2015 for our Level Six students

The Level 6 students are reflecting on their primary school years and celebrating all their successes while preparing themselves for Secondary College. It is a very exciting, nervous, and challenging time for all the Level 6 students as they approach their last six weeks in primary school.
